

## *Sue Lunn is Retiring!!*

*After almost 28 years in education Sue is excited to share she is retiring! Sue has experienced a variety of roles over the years including teacher, vice principal, education officer and principal.*

In recognition of her retirement **Best Wishes or a donation to Alternatives Project** would be appreciated. This is a wonderful community organization close to Sue's heart that provides day programming and community outings for young adults with special needs including those with physical and intellectual challenges. They are currently housed out of a church in Peterborough and are fundraising to finish the renovations on a property they have purchased at 270 Braidwood Ave in Peterborough. They are not receiving any government funding for this initiative. If you would like to consider donating, cheques can be made out to Alternatives Braidwood Project and the address is 160 Charlotte Street, Peterborough ON, K9J 2T8 or you can go online to the attached link:
